

Network Topology: Spring Layout Based on Trade Weights

51×51 Domestic Network
(Top 10 states by out-degree)

51 nodes, 2,534 edges
Showing top 10 by trade volume

52×52 International Network
(+ Rest of World node)

52 nodes, 2,636 edges
Gateway states connect to international trade

■ U.S. State ■ Rest of World — Domestic flow — International flow
